

SAFETY MEASURES FOR BHAD EVENTS: COVID REQUIREMENTS

Dear Exhibitors:

As long as the state of Delaware allows gatherings, we will continue with our Agility events. To have them, though, means we need to be cognizant of best practices for holding a trial/test. Please read through these requirements. In entering this agility event, you are agreeing to follow these requirements and guidelines. **PLEASE pay by check so we don't have to handle dirty money!!**

1. Obviously, please do not attend if you are sick or if someone in your household has a fever or is ill. We will shred your check if you or a family member is sick. Live to run at another trial while keeping our other exhibitors safe.
2. EVERYONE will be required to follow the state regs of wearing a mask at all times while near others and in the building.
3. Enter and exiting the ring will require a mask, but you may lower your mask while running.
4. You may sit around outside away from the barn without a mask as long as you maintain social distancing.
5. We will have gloves available for ring crew. If you have gloves please bring them. Any type of gloves, gardening, and work gloves can be used.
6. Please do not congregate around the ring. No outside seating allowed in the barn other than the crating area.
7. No crating allowed in the arena for the ACT test. Please plan to crate out of your car! Bring shade, water and cooling needs.
8. Avoid standing in line at the porta potty. Maintain 6 feet between persons and allow enough space for the user to get out.
9. If you plan to run your air conditioner on your car, please park so your exhaust does not flow into another car.
10. No refreshments provided. Please bring plenty of drinks for yourself and your dog.

11. We will have hand sanitizer available in several locations. Please feel free to use them.

ACT TEST PARTICULARS:

1. Please check in at the check in table when you arrive. A pre-filled entry form will make your check in much faster. We will have blank FEO and ACT entry forms available. Please bring your own pen.
2. We will have a VMO who is agreeing to measure dogs. Please get the measurement form from the check in table.
3. Walk-throughs will be split to allow limited exhibitors in the ring at one time. We will decide the split when we see the numbers per height. PLEASE MAKE SURE YOU WEAR YOUR MASK DURING THE ENTIRE WALK THROUGH.
4. The running order will be posted in a couple of spots in the building and outside, weather permitting.
5. We will not be providing course copies to exhibitors. We will post copies of the courses in two different locations. Please do not congregate around the posted copies. DISTANCE DISTANCE DISTANCE
6. Exhibitors are allowed to carry their leashes in/on their clothes when running to avoid others touching the leash. We will have a leash grabber for the leash runner to use that we will disinfect between leashes.
