AGILITY GATE AND REMIND ACT INFORMATION

AGILITY GATE: CODE 1800

CHECK-IN - ONLY THE GATE-STEWARD CAN CHECK IN DOGS AT THE PHYSICAL GATE.

We will use the Agility Gate app for check-in instead of checking in at the physical gate.

To use the app, you will need to download the free app from the Appstore or Google Play. <https://agilitygate.com/>
You can also check your dog in with the gate-steward when you get ready to walk if you are not using the app.

Running orders will be posted at BHAAD.org website.

From the Agility Gate app, you can:

- Check in your dog
- Mark your dog absent
- Mark Conflict
- Mark FEO
- Follow in real time where we are in the running order. On the app you can see as the gate-steward marks each dog on the line the same way you normally see it on the gate sheets. The dog will have a line through the name once it steps on the line. You will see the whole gate-sheet(s) and see who is up; how many dogs until you can line up and go inside; how many dogs left to run in the height etc.
- View your course map (Click the icon on the right of the Class name when you open the gate-sheets to the class you are checking in for-the map will open. Click again to close.)

You can check in once the gate-sheets have been uploaded to the app. (Generally, after 9 p.m. the evening before the trial)

REMIND APP

We will use the REMIND app during the weekend to send announcements such as when courses are ready for walk-through, when ribbons are ready, post Standard Course Times, and more.

Here is a link to download the "Remind App on your phone. You need to join the class BHAD OCT TRIAL once you are in the app.
