AGILITY GATE INFORMATION

AGILITY GATE: CODE 0915

CHECK-IN - ONLY THE GATE-STEWARD CAN CHECK IN DOGS AT THE PHYSICAL GATE.

You can use the Agility Gate app for check-in instead of checking in at the physical gate. Remember you cannot check in before 6am day of.

To use the app, you will need to download the free app from the Appstore or Google Play. <https://agilitygate.com/>. Be sure to download the purple app.

You can also check your dog in with the gate-steward when you get ready to walk if you are not using the app.

From the Agility Gate app, you can:

- Check in your dog
- Mark your dog absent
- Mark Conflict
- Mark FEO
- Follow in real time where we are in the running order. On the app, you can see as the gate-steward marks each dog on the line the same way you normally see it on the gate sheets. The dog will have a line through the name once it steps on the line. You will see the whole gate-sheet(s) and see who is up; how many dogs until you can line up; how many dogs left to run in the height etc.
- View AND PRINT your course map (Click the icon on the right of the Class name when you open the gate-sheets to the class you are checking in for-the map will open. Click again to close) Maps are loaded by 6am (generally).
